

The Laboratory of Applied Evolutionary Biology

# Evolution & Infection Symposium

Preceding the inaugural lecture of Professor Colin Russell

04 October 2019, 09:00-14:30

Hotel Arena, Amsterdam

Cost: Free

Lunch: Included

Registration: Essential

***Viral phylodynamics of old foes  
and new threats***

Philippe Lemey KU Leuven

***Antimicrobial resistance and  
the food chain***

Alison Mather Quadram Institute

***Experimental virus evolution***

Marco Vignuzzi Institute Pasteur

***The emergence of zoonotic  
Streptococcus suis infections***

Constance Schultsz AIGHD

***Within-host evolution of HIV***

Richard Neher University of Basel

***Polymicrobial infections -  
ecosystems and the evolution of  
antibiotic resistance***

Marjon de Vos Uni. Groningen

***Tracking the spread of  
mosquito-borne viruses***

Nuno Faria University of Oxford

***How predictable is pathogen  
evolution? An example from  
Pneumococcus***

Bill Hanage Harvard University
