ncoh smart and healthy farming

Principal investigators

July 2026

Scientific Director: **Prof. W. van der Poel, Wageningen University & Research**

Partners

Amsterdam UMC Universitair Medische Centra

university of groningen

Utrecht University

WAGENINGEN UNIVERSITY & RESEARCH

National Institute for Public Health and the Environment Ministry of Health, Welfare and Sport

Prof. C. Schultsz
Global Health & Medical Microbiology

Dr. F. Jones
Groningen Institute for Evolutionary Life Sciences

Dr. S. Lequime
Groningen Institute for Evolutionary Life Sciences

Dr. F. Broere
Infectious Diseases and Immunology – Virology

Prof. P. Crous
Fungal Biodiversity

Prof. A. Stegeman
Farm Animal Health

Prof. R. Vermeulen
Environmental Epidemiology and Exposome Science

Dr. I. van Dixhoorn
Wageningen Livestock Research

Prof. W. Hendriks
Animal Nutrition

Prof. S. Moore
Health & Society Group

Prof. W. van der Poel
- Wageningen Bioveterinary Research
- Animal Sciences

Prof. F. Cassee
Sustainability, Environment and Health

Dr. E. van Duijkeren
Zoonoses and Environmental Microbiology

Universiteit Leiden

Dr. P. Pradhan
Integrated Research on Energy, Environment and Society

Dr. B. Dutilh
Biology - Metagenomics

Prof. R. de Vries
Fungal Molecular Physiology

Prof. H. Hoogeveen
Business Economics

Prof. J. Rebel
- Wageningen Bioveterinary Research
- Adaption Physiology

Dr. Marieke Opsteegh
Infectious Disease Control

Prof. J. Raaijmakers
Microbial interactions and diversity

Prof. R. Gehring
Veterinary Pharmacotherapy and Pharmacy

Prof. M. Nielen
Farm Animal Health

Prof. L. Smit
One Health and Environmental Epidemiology

Prof. J. Wagenaar
Infectious Diseases and Immunology - Clinical Infectiology

Dr. A. Zomer
Infectious Diseases and Immunology – Virology

Prof. B. Kemp
Adaptation Physiology

Prof. H. Smidt
Microbiology
